Instructions

You will also need a scrap of wire or toothpick for this project.

1. Please watch the video: How to Braid Beaded Kumihimo and Make a Bracelet.
2. From what you learned in the video, set up your bobbins and disc. Cut 8 lengths of hemp cord about 3 feet each.
3. For this project you will have eight strands. You will place pink beads on two strands, and blue beads on two strands, and the remaining four strands will not have beads.
4. Place your threads into the disc in the following order.
5. Blue beads in between 31 and 32. Pink beads in between 32 and 1.

6. Moving clockwise, place one natural strand in between 7 and 8. And one in-between 8 and 9.
7. Blue beads in between 15 and 16. Pink beads in between 16 and 17.
8. Moving clockwise, place one natural strand in between 23 and 24. And one in-between 24 and 25.
9. You are now all set to begin your braid.
10. When you have come to the end of the braid follow the instruction in this video. You will wrap the ends of the braiding to add thickness so that it fits into the cord end.
11. All done!
