Instructions

1. Please watch our video: How to Use the Wrapit Loom by Rainbow Loom. In this video you will see how to make a bracelet using the Wrapit Loom.
2. Begin as seen in the video by attaching your button and tying an overhand knot. Size your bracelet and tie another overhand knot at the end. Place the leather into the wrapit loom.
3. Then thread the twisted wire needle to the griffin silk. Attach the silk to the leather cords on the loom as shown in the video.
4. Pick up one Swarovski Crystal Pearl and thread both ends of the griffin silk criss-crossing to loom the bead into place. Wrap around the leather and you're ready to add another bead.

5. Repeat with one Swarovski Crystal and repeat again with one Swarovski Crystal. Continue the pattern of one pearl and two crystals until you have reached your desired length of bracelet.
6. By adding 28 beads as shown you will have a 6.5 inch bracelet. You can add additional knots in the leather cord to make it adjustable or add additional beads. Note that the first knot and second knot will be 6 inches apart for a 6.5 inch bracelet.
7. Tie off and finish your bracelet as seen in the video.
