## Instructions

If you opt to use a lighter as seen in the video, please exercise caution when working with the flame.

1. Please watch our video: How to Make a Strung Cord Bracelet with a Sliding Square Knot Clasp. In this video you will see one example of how to make this style bracelet and how to size it to fit your wrist.
2. This design features 7 bracelets. You will have plenty of materials to make more. For this design please use the following patterns for inspiration.
3. Make four full color bracelets: 1 turquoise, 1 orange, 1 purple, and 1 grey. You should be able to string about 90 beads for a 6 inch bracelet. Size and finish them as seen in the video.
4. Next make one bracelet with a focal with beads strung in the following order: One purple, one grey, alternating 11 times and finish with one purple bead.

Finish as seen in the video.

5. The next focal pattern will be done in the same manner the previous step: two peach and one turquoise. Repeat 6 times and finish with two peach. Finish them as seen in the video.

6. Finally, repeat with this pattern: seven purple, fifteen turquoise and seven purple. Finish them as seen in the video.
