Recommended Tools:

[XTL-3006] Beadsmith English Beading Needles Size 12 (4 Needles), [XTL-0373] Tulip

Premium Scissors, Gold Handle 5 Inch, 1 Pair

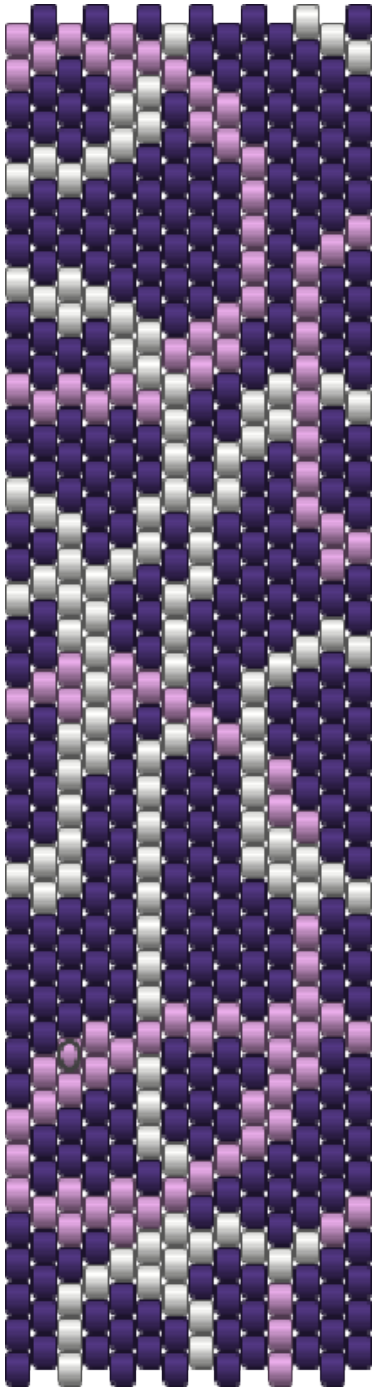

Instructions

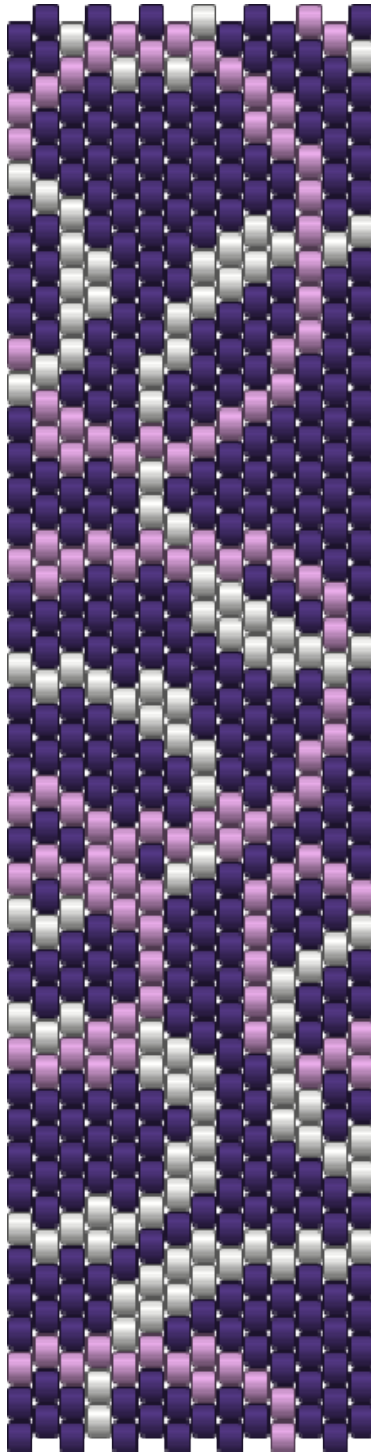

This design measures 7 inches. To modify the length, simply adjust the length woven. Please download our free PDF Instructions to see the full color pattern.

1. If you are unfamiliar with even count peyote please watch our video: [How to Flat Even-Count Peyote Stitch](#).
2. To create the length of this bracelet, begin at the top of Pattern A and weave down. Please note that this pattern is very long but just stop when you have your desired length. The loop of the clasp will add some length so follow along with the video below to attach one side and then you can continue weaving to finalize your desired length.
3. To see how to attach the clasp to this bracelet, please watch our video: [How to Attach a Slide Clasp with Bar Loops to Bead Weaving](#). In this video you will see an example of how you can zip the weaving together in a loop around the slide clasp.
4. Once you have attached both sides, be sure to tie off and weave in your threads.
