Instructions

You will also need a paper towel for this project. Please note that you can make this design to your desired length, simply add or subtract the number of

beads as you work.

1. Begin by using the tip of the paint brush to paint the Vintaj Patina onto the button. Make sure to get the color into the well of the design. Quickly use the paper towel to wipe off the excess to reveal the silver bee design.
2. Next, please watch our video: How to Use the Wrap It Loom Professional Series Duo. In this video you will learn how to set up the loom, how to size your bracelet and begin the looming. You will also see how to finish the design with knotting and glue.
