## Instructions

To size this design, simply adjust the pattern of beads strung.

1. Begin watching our video: Quick Tip: Using Crimp Beads & Crimp Covers as Metal Beads. From what you learned in the video, turn 10 crimp covers into beads.
2. Then cut 12 inches of beading wire and add a bead stopper about 2 inches from one end.

3. String on the beads in the following order. 1 druk bead, 1 crimp bead, 1 druk bead, and 1 crimp cover bead. Repeat 9 times, then add 1 druk bead, 1 crimp bead, and 1 druk bead.
4. String on one crimp tube and thread the wire up and over one closed jump ring before threading the wire back through the crimp tube. Pull until snug and crimp the crimp tube. Trim any excess wire. Add a crimp cover.
5. Move to the other side of the bracelet, remove the beads stopper and repeat the above step, adding a lobster clasp instead of the jump ring.

If you purchase all of the items listed, you will be able to make two bracelets!
