Instructions

1. Using your memory wire cutting pliers, cut 5 separate coils of gold plated memory wire.
2. Take your first coil, and using your round nose pliers, create a simple wire loop at one end.
3. String on 1 gold plated metal bead and 1 Miyuki long drop bead. I mixed the two colors (Metallic Purple Iris and Matte Black) together.
4. Repeat this pattern until you have 41 gold plated metal beads and 39 Miyuki long drop beads on your coil.
5. Once your beads are all on, create a second simple wire loop at the end. Set aside.
6. Repeat this process to make 4 more bracelets.

7. Enjoy!
