Project uses 1 piece

Recommended Tools:

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex, [XTL-3000] Bead Stopper- Stop Beads Sliding Off Stringing Material

Instructions

These instructions will make a 6 inch bracelet. For a longer bracelet, please be advised that you will need to purchase additional lots of jet black crystal rondelle beads.

1. Cut a 12 inch piece of Stretch Magic cord. Attach a bead stopper at one end.
2. Next, please watch our video on how to make a stretch bracelet. String 1 jet black crystal rondelle bead followed by one glass evil eye bead, and repeat this pattern 13 more times for a total of 28 beads.
3. As shown in the video, when all of your beads are strung, tie a double-knot with the stretch cord and secure it with a dab of Hypo Cement glue. Cut off the excess cord tails with flush cutters. Enjoy your bracelet!
