Instructions

To adjust the length of your bracelet, size the leather cord to your wrist and adjust the number of evil eye units you weave.

1. Take your TierraCast bezel button and place a dab of E6000 glue into the bezel. Press 1 denim blue Swarovski crystal flatback into the bezel. Let the glue dry for about an hour.
2. Next, please watch our video on how to use the Wrapit Loom Professional Series Duo. In this video you'll see how to set up your loom, how to size your leather cord, and how to attach your Griffin Silk thread to begin weaving your bracelet.
3. To learn how to create the scalloped design of the bracelet, please watch our video on how to create a scalloped evil eye design on the Wrapit Loom.
4. For this bracelet you'll weave each unit with the color scheme shown in the video: (Row one) 1 gold bead, (Row two) 2 ivory beads, (Row three) 3 light blue beads, (Row four) 4 dark blue beads, (Row five) 1 dark blue bead, 1 jet black Swarovski crystal bead, 1 dark blue bead, (Row six) 4 dark blue beads, (Row seven) 3 light blue beads, (Row eight) 2 ivory beads, (Row nine) 1 gold bead. Repeat this pattern for the desired length of your bracelet.
5. Tie off and knot your Griffin Silk as shown in the video, and add glue to your knots. Wrap the bracelet around your wrist, and enjoy!
