

Glitz & Glamour Bracelet

Project B754

Julie Bean

This sparkly bracelet radiates flashes of light from every side of the Swarovski crystal square sew-on stones that it is made of. Finishing off the design is a sleek magnetic clasp.

Instructions

The supply list will make a 6" bracelet. This style is meant to be worn somewhat snug to the wrist so that the buttons don't flip over, showing their flat back side. You will need 2 pairs of chain nose pliers for this project.

1. Open a jump ring and connect it to one half of your magnetic clasp as well as one hole of a rose gold sew on stone. Close the jump ring.
2. Attach a jump ring to the other hole on the rose gold sew on stone and one of the holes on one of the crystal silver night sew on stones. Close the jump ring.
3. Repeat the above steps until you have connected all of your sew on stones and the other half of your magnetic clasp. You will want to alternate colors of sew on stones in this project.

4. Enjoy!
