

Celtic Contrast Bracelet

Project B8032

Alexandra Smith

This statement bracelet was created on the WrapIt Loom using a contrasting mix of cultured sea glass and Czech fire polished beads. The scalloped shape is achieved by synching the cord between beads using a combination of knots and crimp covers. The bracelet clasps with a sleek TierraCast button.

Xuron Jeweler's Super Fine Pliers Chain Nose Flat Nose

Instructions

1. If you are new to the WrapIt Loom, please start by watching this introductory video. Assemble your WrapIt Loom as shown in the video.
2. Next, please watch our video: How to Make a Scalloped WrapIt Loom Bracelet. Follow along with the video to tie on your button, load your cord and thread, and weave your pattern. Alternate 3 black beads with 2 white beads, or adjust the number of units woven to create your desired length. Additionally, you can fill extra space at the loop end of your bracelet by adding on extra crimp covers (see photo for reference).
3. Finish off the loop end of your button clasp as shown in the video. Enjoy your bracelet!
