Round Nose Micro Pliers

Instructions

To see how to make this project please watch our video: How to Personalize Your Style with Easy Purse Charms. In this video you will see how to cut the chain, attach jump rings to your favorite charms to complete the design as well as how to tie a lark's head knot to attach to your purse, bag or key ring.

1. For this design you will cut three lengths of chain: one that is 5 links, one that is 15 links, and one that is 11 links.

2. On to the one that is 5 links, open a jump ring and attach the dog charm to the the end link of the chain. Close the jump ring.

3. On to the one that is 15 links, open a jump ring and attach the camera charm to the the end link of the chain. Close the jump ring.

For more beading projects and instructional videos, visit www.beadaholique.com.

4. On to the one that is 11 links, open a jump ring and attach the heart pendant to the the end link of the chain. Close the jump ring.

5. Next, open one more jump ring and attach the opposite ends of all three chains to the jump ring, with the longest length in the middle. Close the jump ring.

6. Open the lobster clasp and attach it to the jump ring.
