Instructions

By following the instructions below, you will make one earring. Repeat all instructions to make the second earring.

1. Take one head pin, place onto the headpin one powder rose pearl with the large end of the drop facing down. Make a simple wire loop. Repeat this

process with one Lavender pearl and one Light Blue pearl. Set these aside.

2. Cut three pieces of chain in the following measurements: 3/4", 1 1/8", and 1 1/2".

3. Open one jump ring, attach the last link of one end of each chain. Attach the jump ring to the earring finding, close the jump ring.

4. Open the simple wire loop, same as you would a jump ring, of the blue pearl and attach it to the shortest chain (3/4"). Close the wire loop.

5. Open the simple wire loop, same as you would a jump ring, of the lavender pearl and attach it to the second shortest chain (1 1/8"). Close the wire loop.

6. Open the simple wire loop, same as you would a jump ring, of the pink pearl and attach it to the longest chain (1 1/2"). Close the wire loop.

7. You are all done!
