Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring. You will also need a scrap of wire or a toothpick for this project.

1. To see how to complete this project from start to finish, please watch our video: [How to Make a Pair of Earrings with TierraCast Bezels for Swarovski Crystal Fancy Stones](#). In this video you will learn how to set your Swarovski Crystal Fancy Stone into a TierraCast Bezel and make simple wire loops for an added embellishment to this pair of earrings.

We recommend waiting at least 24 hours before wearing to allow the glue to fully set.
