Jewelry Fine Round Nose Micro Pliers, [XTL-5600] Sharp Flush Cutter Pliers - For Cutting

Beading Wire, 1 Piece

### Instructions

By following the instructions below you will make one earring. Repeat all instructions to make the second earring.

1. Take one pearl and thread it on to one eye pin. Make a simple wire loop. Set aside.
2. Next open one jump ring and attach it to one earring post and to one loop of the pearl component. Close the jump ring.
3. Open another jump ring and attach it to the other loop of the pearl. Close the jump ring. Repeat with another jump ring so that it sits side by side this jump ring.

4. Finally, open another jump ring and attach it to the two jump rings you just added and to one sea glass pendant. Close the jump ring and repeat with another jump ring so that it sits side by side this jump ring.
