

Urban Chic Earrings

Project E818

Designer: Julie Bean

Chic and modern, these triangle earrings have an edgy industrial look to them. The blue center is concrete which has a nice matte finish that goes well with the Nunn Design antique copper findings.

What You'll Need

Create Recklessly, Artist's Concrete for Mixed Media, 8 Ounce Jar

SKU: XTL-01180

Project uses 1 tablespoon

SKU: PND-08084

Project uses 2 pieces

Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

Instructions

Please note you will also need a disposable mixing cup, some way of measuring tablespoons and teaspoons, tap water, and something such as a popsicle stick to stir your concrete.

1. Please watch the video: [How to Add Color Pigments to Concrete for Jewelry](#).
2. In the video you will learn how to mix your concrete and add the pigment. Based upon what you learned in the video, mix up a batch of blue concrete and fill your triangle bezels. Let cure before going onto the next step.
3. Open the loop at the base of the earring hook (the same way you would open a jump ring) and attach it to the loop on the triangle bezel. Close the loop back up. Repeat this step for your second earring.
4. All done, enjoy!
