Instructions:

1. Gently pry the "petals" of the scroll bead caps open so that they will cradle the lampwork glass beads.
2. Thread a 21 gauge head pin with the following: 1 daisy bead cap, 1 scroll bead cap, 1 lampwork glass bead. Make sure that your beads are snug on the head pin and create a simple wire loop. Trim any excess wire.
3. Attach the lampwork and bead cap assembly to a 15mm heavy jump ring.
4. Place a keishi pearl on a 24 gauge head pin. Make a wrapped wire loop and trim the excess wire.
5. First, attach the pearl dangle to an earring hook. Next hang the ring assembly from the same hook. The pearl wire loop should sit underneath the heavy jump ring.
6. Repeat steps 2 through 5 to create second earring.
