Instructions

This necklace measures approximately 16 inches. To modify the length, please choose a finished chain in your desired length. You will also need a scrap of wire or a toothpick for this project.

1. Begin by using a toothpick or scrap of wire to add a dab of E6000 to the well of the setting. Place the stone into the setting.
2. Open one jump ring and attach it to the setting and around the chain. Close the jump ring.
3. Please allow the glue to set for at least 24 hours before wearing.
