

Cyan Hoop Necklace

Project N8014

Alexandra Smith

Turquoise Czech glass drops and gold Swarovski crystal pearls add soothing embellishments to this wire woven ring, created using the Ring Weaver Tool by Beadalon. The pendant is simply strung onto a finished cable chain using jump rings.

& 11, [XTL-5600] Sharp Flush Cutter Pliers - For Cutting Beading Wire, 1 Piece, [XTL-5511]

The Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

Instructions

The pendant of this necklace is made using the designated size 11 configuration on the Ring Weaver Tool. The size is approximate and will be influenced by the size of your weaving material.

1. Please watch the video: How to Use the Ring Weaver Tool by Beadalon. Follow along with the video to assemble your Ring Weaver Tool, placing your pegs in the holes designated for a size 11 ring.

2. Use flush cutters to cut 40 inches of 24 gauge silver craft wire and load it onto the Ring Weaver Tool as shown in the video. Follow along with the video to create a 3 layer ring.

3. Please watch the video: How to Add beads to a Wire Woven Ring. Using what you have learned in the video, use flush cutters to cut 12 inches of 26 gauge silver craft wire. Attach the wire onto your ring frame and weave your beads around the edge of the frame as shown in the video.
4. Using jump rings, attach your pendant to your finished chain as shown in the video. Enjoy your Necklace!
