

Honeycomb Beaded Bead Necklace

Project N808

Julie Bean

Czech Glass 2-Hole Honeycomb beads have been bead woven together with Swarovski crystal faux pearls to create a beaded bead focal for this lovely necklace. The beaded bead is then suspended from sterling silver beading chain for a sleek and modern look.

(4 Needles), [XTL-5614] BeadSmith Tools, Thread Snips 4.25 Inches Long, 1 Piece

Instructions

Please note that you are purchasing 2 feet (24 inches of chain) for this project. The instructions below will teach you how to make a 16 inch long necklace. You will have enough chain to make up to a 24 inch necklace if you choose to do so.

1. To make the focal for this necklace, please watch the video: How to Make a Beaded Bead with 2-Hole Honeycomb Beads. Through the course of the video, you will learn step by step how to bead weave the beaded bead and trap that larger Swarovski faux pearl inside.
2. After you have completed your beaded bead, set it aside while you start to construct the necklace.
3. Cut 16 inches of your beading chain. Onto one end, secure a crimp bead with loop.
4. Slide your beaded bead onto the other end of the chain via the hole in the large Swarovski bead.
5. Secure a crimp bead with loop onto the end of the chain.
6. Open a jump ring and link it to one of the secured crimp beads loops. Close the jump ring.
7. Open a second jump ring and link it to the other side of the necklace and also link on the loop at the base of your lobster clasp. Close the jump ring.
8. All done!
