Instructions

1. To make this necklace, please watch the video: [How to Make Wrapped Wire Loop Bead Links and Connect to Chain.](#)

2. In the video you will learn how to make this necklace from start to finish including how to cut the chain, how to create the beaded segments and create wrapped wire loops that you will add to the cut chain. The technique has you connecting all your pieces together with wrapped wire loops vs. using jump rings. The result is a very stable and secure design.
