

Choose your favorite color pearl for this design!

1. Please begin this project by watching the video: [How to Make a Decorative Wire Swirl on a Bead](#). This will show you how to make the main component to this design. Please make your 8mm pearl with a spiral.
2. Onto a head pin, place a 6mm pearl. Start to [create a wrapped wire loop](#) after the bead but before you do your wrappings, link it to one of the loops you made on the 8mm pearl with spiral. Now complete your wraps and trim off excess wire.
3. On the other end of the 8mm spiral bead, attach your earring hook via the little loop at the base (it [opens and closes just like a jump ring](#)).
4. Make your second earring the same way as the first. Enjoy!
