

This is a fun strung necklace piece. Before you begin, cut 3 inches of chain and set it aside.

1. Start by cutting 24 inches of beading wire and placing a Bead Buddy or other type of bead stopper 6 inches from the end.
2. String on beads in the following order: 1 bicone and 1 small cube bead. Repeat this sequence 20 more times. Now string on: 1 bicone, 1 large cube bead, 1 bicone, 1 small cube bead, 1 bicone, 1 large bicone. Take your precut length of chain and string it onto your beading wire via the end chain link. Just let the other end of the chain dangle for now.
3. Now string on: 1 bicone bead, 1 small cube bead, 1 bicone, 1 small cube bead, 1 bicone bead, and 1 large cube bead. You are at the exact center of your necklace. Bead the rest of your necklace to be a mirror image of the first half. When you get to the point on the second half of your necklace where the other end of chain goes, simply swag the chain over and connect it via the end chain link. Please see the photo for reference.
4. Place a bead stopper or Bead Buddy on your end. You now have all your beads strung with stoppers on each end.
5. Remove one bead stopper. String on one crimp tube. String on one half of the clasp via the loop at its base. Now go back down through the crimp tube and several beads next to it. Crimp your crimp tube and trim off excess wire. Cover your crimp tube with a crimp bead cover.
6. Repeat the previous step on the other side of your necklace. Enjoy!

WHAT YOU'LL NEED: (scroll down for purchase options)

- PRES-5601-BLZR4 - PRESTIGE 5601 4mm Faceted Cube Blue Zircon Project uses 46 piece(s). You will need 46 package(s).
