Project uses 1 piece

### Recommended Tools:

[XTL-3006] Beadsmith English Beading Needles Size 12 (4 Needles), [XTL-5700] Fiskars 5

Precision Tip Scissors - Super Sharp

## Instructions

1. Cut a 1 x 1 square of beading foundation.
2. Apply a thin, even coat of E6000 glue onto the back of a 14mm crystal astral pink heart flatback and press it firmly onto the center of the beading foundation. Allow the glue to dry for at least an hour before moving on.
3. Cut a 3' length of black NYMO thread and thread a size 12 beading needle. Using gold lustered raspberry Toho 11/0 seed beads, complete a row of backstitch bead embroidery around the flatback. Use a single bead instead of two at the top center and bottom center of the heart.
4. Carefully trim the beading foundation around your bead embroidered shape.
5. Glue your beaded piece onto a piece of black ultra suede using Crafter's Pick glue. Allow to dry for at least an hour before moving on.
6. Carefully trim the ultra suede around your beaded piece.
7. With a new 3' length of thread on your needle, use silver lined hyacinth Toho 11/0 seed beads to add a beaded edge to your work.
8. Apply a thin, even coat of E6000 to the glue on pad of a bright gold colored ring finding. Place your beaded piece face down and center the ring finding onto the back. Press firmly, and allow to dry thoroughly before wearing.
