Project uses 1 piece

Crafter's Pick The Ultimate Permanent Glue Cement Adhesive 4 OZ

SKU: XTL-1026

Project uses 1 piece

Recommended Tools:

[XTL-5700] Fiskars 5 Precision Tip Scissors - Super Sharp

Instructions

1. Begin by cutting out the square image you want to use. I choose the thistle. Figure out which part of the picture you would like to use and before you glue, test it out by placing the glass dome down on the paper.
2. Place a small dab of Diamond Glaze onto the back of the glass cabochon and carefully place the cabochon on to your paper. Please refer to the video: How to Make a Glass Dome Paperweight for an example using this technique. Press firmly to make sure there are no air bubbles and to insure the glaze goes to the edges.
3. Once the glaze has dried, trim the edges of the paper.
4. Place a dab of Crafters Pick glue on the back of the paper. Carefully center it in bezel cup of the ring finding. Press down and if any glue spills out the sides wipe it up immediately.
5. Let dry completely before wearing.
