

Amalfi Centerline Ring

Project R804

Julie Bean

This lovely little ring features a striped beaded focal that has been stitched into the center of the ring. Because this ring uses so few beads, it is the perfect project to use up some supplies that you already have in your stash!

Recommended Tools:

[XTL-3166] BeadSmith Big Eye Beading Needles 2.125 Inches Long - Pack Of 4, [XTL-5700]

Fiskars 5 Precision Tip Scissors - Super Sharp

Instructions

1. To make this ring, please watch the video: How to Add Beads to a Centerline Cuff. Even though you are making a ring with bead rows that are 3 high versus a bracelet with rows that are 7 beads high, you will still be following the same exact steps and instructions as demonstrated in the video.
2. In the course of the video you will learn how to cut your threads and create a double strand of Nymo beading thread, how to start your beading, how to add your bead rows, and how to tie off and finish your ends.
3. The last step is adding just a dab of glue over your knots and trimming your tails. Wait for the glue to dry before wearing.
