Instructions

This trio is designed for you to adjust the lengths as needed.

1. In our video, How to Layer Your Necklaces, you will see some wonderful design inspirations and learn how to best layer your necklaces.
2. For this project, the top tier necklace will be the 16 inch Saturn chain as is.
3. For the second tier, open the jump ring from the moon pendant and attach it to the cable link chain. Close the jump ring.
4. For the third tier, slip the jump ring of the tree of life pendant over the end of the necklace and re-clasp the necklace.
5. Now simply use the adjustable button to move the necklaces to your desired lengths.
