Project uses 1 piece

Silver Plated Open Jump Rings 6mm 19 Gauge (x100)

SKU: FJR-5160  
Project uses 1 piece

SWAROVSKI ELEMENTS Crystal Starfish Pendant #6721 16mm Luminous Green (1)

SKU: SWC-8427  
Project uses 1 piece

### Specialized Tools

Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

SKU: XTL-5511

Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

SKU: XTL-5600

### Instructions:

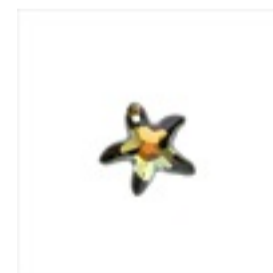

Before you begin, measure the part of your ankle that you would like your ankle bracelet to wrap around. Add just a bit of extra length for ease and find the closest length you can get on this chain between ball segments. Make sure that this length will be comfortable when you walk. The clasp will add about 3/8".

1. Cut a length of silver plated flat link cable chain with ball links about 9" long, or the desired length, making sure to end on each side with the larger link just outside the ball segment in tact.
2. Use a 6mm, 19 gauge silver plated jump ring to hang a 16mm Swarovski crystal starfish pendant in crystal luminous green from the end link on one end of the chain.
3. Use a 3mm, 21 gauge silver plated jump ring to attach a silver plated sleek lobster clasp to the same link in the chain as the larger jump ring.
4. The last link in the other side of the chain will be what you use with the lobster clasp to close the ankle bracelet.

### Variations

Use a different finish of this chain and pick a starfish (or other shape) pendant to match and you will achieve a different feel.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
