

## Trini Regaliz Bracelet

### Project B1137

Designer: Megan Milliken

This pretty two-strand bracelet features Regaliz flat cork cord in baby blue. The strands are accented with silver plated sliders and sparkly crystals for a little bit of added shine.

Project uses 3 pieces

Eurotool Super New Glue - Heavy Duty Adhesive - 3 Gram Bottle

SKU: XTL-1059

Project uses 1 tube

### Recommended Tools:

[XTL-5500] Cord Cutter Tool For Regaliz Cord 3 Inches Long

### Instructions

These instructions will make a 7.5" bracelet. The quantities given include enough flat cork to allow for an up to 8" bracelet. If you would like to make a larger bracelet, adjust the quantity accordingly. You will also need a ruler for this project.

1. To make this bracelet, start by watching the video: How to Measure and Assemble a Regaliz Flat Cork Cord Bracelet.
2. In this video you will learn how to measure and cut the cork, add the beads, attach the clasp, and finish the bracelet.
3. Based upon what you learned in the video, cut two lengths of baby blue 5mm flat cork cord that are each 7.5" long.
4. Slide one crystal slider bead, one silver slider bead, and one crystal slider bead onto one cord. Onto the other cord, slide one silver slider bead, one crystal slider bead, and one silver slider bead.

5. Place some glue into the recess on one side of your clasp and place one end of both cords into the recess. Hold until the glue sets.
6. Repeat the previous step on the other side of your bracelet.
7. Allow all glue to dry thoroughly before wearing.
