

Key To My Heart Bracelet

Project B117

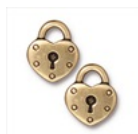

Designer: Andrea Morici

When these tiny glass hearts arrived here, we knew we had to make a special project with them. We now present this darling bracelet, chock full of colorful hearts and topped off with a lock and key.

SKU: CHA-9696
Project uses 1 foot

22K Gold Plated Open Jump Rings Oval 4x6mm 20 Gauge (50)

SKU: FJR-3916
Project uses 4 pieces

Instructions:

1. Begin by cutting a length of chain twenty links (six and three quarters inches) long. Note: The total length of this bracelet is eight and one quarter inches long. If you would like to make yours shorter, omit a link or two.
2. Beginning with the second from last link in your chain, attach one of each color of heart to every other link. To do this, gently open the loop at the top of the heart the way that you would open a jump ring, thread it through the chain link, (all of the hearts should be on the same side of the link) and close the loop once more.
3. Once your have added all of the hearts, use the oval jump rings to attach the hook half of the clasp, and the heart-shaped padlock to the last link at one end of your bracelet. To the other end of your bracelet, using oval jump rings once again, attach the loop part of the clasp and the key.
