SKU: FCO-7002

Project uses 8 pieces

E6000 Industrial Strength Glue Adhesive (0.18 fl oz)

SKU: XTL-1054

Project uses 1 piece

### Instructions

1. First, line up the stampings vertically, so that the long sides of the stampings are touching. Connect the stampings using two jump rings through both of the sets of touching loops.
2. Once all of the stampings are connected add two jump rings, one per end loop, at both ends of the bracelet.
3. Using a jump ring attach the extender chain to the two jump rings at one end of the bracelet.
4. Using another jump ring attach the lobster clasp to the two jump rings at the other end of the bracelet.
5. Spread a small amount of E6000 onto the backs of the flower cabochons, and press them onto the centers of the stampings, alternating green and blue.

6. Set aside to dry for at least twenty-four hours.
