

Tough & Lovely Bracelet

Project B130

Designer: Andrea Morici

Compliment piece to our Tough & Lovely Necklace. If you have purchased the materials necessary to create the necklace, you only need to buy the brass knot toggle bar (FCL-4655) to make the bracelet!

What You'll Need

Antiqued 22K Gold Plated Heavy Textured Double Round Link Cable Chain 11mm Bulk By The Foot

SKU: CHA-9861

Project uses 1 foot

SKU: PND-7109

Project uses 1 piece

Vintaj Natural Brass Jump Rings 4.75mm Open 19 Gauge (25)

SKU: FJR-5347

Project uses 1 piece

Vintaj Natural Brass Jump Rings 7.25mm Open 16 Gauge (20)

SKU: FJR-5372

Project uses 2 pieces

Vintaj Natural Brass Love Knot Creative Bar Toggle 31mm (1)

SKU: FCL-4655

Project uses 1 piece

Instructions

1. Begin by cutting a piece of chain that is six inches long in length. Since this is a very heavy double-link chain we are using in this project, we recommend cutting it with memory wire cutters as opposed to using flush cutters or side cutters. Also, cut only one link at a time. If you have already made the Tough & Lovely necklace, simply use the remainder of the chain from that project.
2. Open a 5mm jump ring and thread it through the small hole in the hammered brass ring charm. Close the jump ring again.
3. Open two 7.25mm jump rings. Thread one through the double link at one end of the chain, and the other through the double link at the opposite end of the chain.
4. To one of the jump rings add the brass knot toggle bar. Thread the other jump ring through the 5mm jump ring that is attached to the hammered brass ring charm. Close both jump rings once more.
