

## The Mermaid's Tale Bracelet

Project B146

Designer: Andrea Morici

This vintage style bracelet is very deco in its precisely repeated graphic lines, yet its organic curves hint at a dark mystery from the deeps.

Project uses 1 piece

### Specialized Tools

Beadsmith Jewelry Fine Round Nose Micro Pliers

SKU: XTL-5514

Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

SKU: XTL-5511

### Instructions:

1. Begin by using your round nose pliers to curl the points on the Decorivet pieces down until they meet the underside of each one.
2. Link each of these segments together using oval jump rings, as shown in the picture.
3. Use an additional oval jump ring to attach the lobster clasp to the pointed end of the bracelet.
4. Gently pry open the last Decorivet loop at the opposite end of the bracelet and add an 8mm closed gunmetal jump ring to it before closing once more.
5. Glue on your rhinestones by placing each one down on the bracelet as shown in the photographs, and then lifting each one up carefully, spreading a tiny amount of E6000 on the back with a toothpick or a piece of wire, and gently pressing it into place once more. Allow to dry for twenty-four hours before wearing.

Customize this bracelet by substituting the hematite rhinestones for a different color.
