Instructions

Please feel free to place the charms where you like on the charm bangle. Below is a suggestion of placement.

1. Place a crystal drop onto a head pin, with the large side facing down. Make a wrapped wire loop. Trim the excess wire. Repeat twice more.
2. Place a crystal bicone onto a head pin. Make a simple wire loop. Trim the excess wire. Repeat once more.
3. Open one silver jump ring, attach one wrapped wire crystal drop and one simple wire bicone and attach this jump ring to the large "outside" portion of the bangle. Close the jump ring.
4. Open one gold jump ring, attach the fleur de lis charm and attach this jump ring to the first loop on the left side of the bangle. Close the jump ring.
5. Open one silver jump ring, attach one wrapped wire crystal drop and one simple wire bicone and attach this jump ring to the second loop next to the fleur de lis charm.
6. Open one silver jump ring and attach the "K" charm. Attach this jump ring onto the bottom bar of the center section of the bangle. Close the jump ring. Repeat this step with the other "K" charm and the "Gamma" charm.
7. Open one silver jump ring and attach one wrapped wire crystal drop. Attach this to the bottom bar of the center section of the bangle. Close the jump ring.
8. Open one gold jump ring, attach the key charm and attach this jump ring to the bottom bar of the center section of the bangle. Close the jump ring.
9. All done!
