## Instructions

These instructions will give you a bracelet that is 6 1/2 inches. To make a longer bracelet you will need to purchase additional pip beads and add them onto the eight cords respectively. You will also need a piece of tape for this project.

1. Please watch the video: How to Braid Beaded Kumihimo and Make a Bracelet.
2. From what you learned in the video, set up your bobbins and disc.
3. For this project you will be using only one color of cord and onto each of the eight cords you will add the pip beads in the following order. 6 blue, 6 helio, 6 blue, and 6 helio.
4. When you have come to the end of the braid, finish it off as seen in the above video.
