

## Irish Pride Bangle

### Project B2093

Designer: Kat Silvia

This whimsical bangle features a bearded Leprechaun, a pint of Irish green beer, and a Shamrock clover with the Irish flag. Also to add a little sparkle, I have used Emerald, Crystal, and Sun bicone beads by Swarovski Crystal.

## Instructions

Feel free to customize the placement of the charms and dangles as your wish. Please see the photo for reference, as a suggestion of placement.

1. Place a crystal bead onto a head pin. Create a simple wire loop after the bead and cut off excess wire with your cutters. Repeat this step three more times to create a total of 4 dangles. When you place these on the wire bangle, you will open and close their simple loops just like jump rings.
2. Place one green, one crystal, and one orange crystal bead onto a head pin. Create a simple wire loop after the bead and cut off excess wire with your cutters.
3. Open a jump ring and place it onto one of the charms. Link this jump ring (with charm) to the bottom bar of the adjustable mid section on your bangle. Close the jump ring.
4. Onto the outer ring of the bangle, attach the headpin with the green, crystal and orange beads on it by opening and closing the simple wire loop same as you would a jump ring.
5. Next you will add the single crystals dangles you made in step one to the bottom bar of the adjustable mid section on your bangle. Place them in-between each charm.
