Instructions

Feel free to customize the placement of the charms and dangles as your wish. Please see the photo for reference, as a suggestion of placement.

1. Place an emerald crystal bead onto a head pin. Create a simple wire loop after the bead and cut off excess wire with your cutters. Repeat this step three more times to create a total of 4 dangles. When you place these on the wire bangle, you will open and close their simple loops just like jump rings.

2. Open a jump ring and place it onto the claddagh charm. Link this jump ring (with charm) to the bottom bar of the adjustable mid section on your bangle. Close the jump ring.
3. Open a jump ring and place it onto the open heart charm. Link this jump ring (with charm) to the bottom bar of the adjustable mid section on your bangle. Close the jump ring.
4. Open a jump ring and place it onto celtic heart charm. Link this jump ring (with charm) to the outer band of the adjustable bangle. Close the jump ring.
5. Next you will add the single crystals to the bottom bar of the adjustable mid section on your bangle. Place them in-between each charm. Add the fourth dangle to the outer band of the adjustable bangle.
