Instructions

1. Please watch the video: How to Bead Weave a basic flower using the Kheops Par Puca Beads.
2. From what you learned in the video, weave seven flowers. Making sure to link them using the closed jump rings. You can adjust the number of flowers you have at this stage to make a longer or shorter bracelet.

3. To one side of the bracelet, open one jump ring and attach it to the closed jump ring and the lobster clasp. Close the jump ring.
4. To the other side of the bracelet, open one jump ring and attach it to the closed jump ring.
5. Open another jump ring and attach it to the last one you just attached. Repeat this process to form a chain link of seven jump rings. This will help make the bracelet adjustable. However if you want a sized bracelet you can skip this last step.
