[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex, [XTL-3000] Bead Stopper- Stop Beads Sliding Off Stringing Material, [XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose, [XTL-5608] Xuron 4 In 1 Crimping Pliers - Works On 1, 2 And 3mm Crimps!

## Instructions

These instructions will give you a bracelet that is 6.75". To adjust the size, simply vary the number of beads used accordingly.

1. Cut off 12 inches of beading wire.
2. Place a bead stopper about two inches from one end.
3. String on the beads in this order: one 6mm gold spacer bead, one 6mm jasper bead, one 6mm gold spacer bead, one 6mm jasper bead, one 6mm gold spacer bead, three 6mm jasper beads, one 6mm gold spacer bead, three 6mm jasper beads, one 8mm gold spacer bead, one 8mm jasper bead, one 8mm gold spacer bead, two 8mm jasper bead, and one Buddha bead. Now reverse the order to complete the other side of the bracelet.
4. Once all your beads have been strung, string on one crimp tube and one end of the magnetic clasp. Take the wire and go back down through the crimp tube. Crimp the crimp tube. Snip off the excess wire and add a crimp cover.
5. Move to the other side of the bracelet, remove the bead stopper. Repeat the previous step to finish this side of the bracelet.
6. All done!
