Recommended Tools:

[XTL-5700] Fiskars 5 Precision Tip Scissors - Super Sharp

Instructions

These instructions will give you a bracelet that is a flexible 6.5 inches. To modify the length, simply add or subtract the number of Czech Glass Beads used.

1. Cut a length of Opelon cord, about 10 inches long.
2. String on one cinnabar bead followed by 20 czech glass beads.
3. Bring the two ends of the Opelon cord together and tie a double overhand knot.
4. Place a dab of GS Hypo Cement on to the knot. Tie another knot.
5. Trim the ends of the Opelon and then hide the knot by rotating the beads to cover it.

6. Allow to dry before wearing.
