Crimping Pliers - Works On 1, 2 And 3mm Crimps!

Instructions

These instructions will give you a bracelet that is 6.5 Inches. Please note that if you wish to make a longer bracelet, you will need to purchase additional bead caps and possibly additional pearls.

1. Cut off 12 inches of beading wire.
2. String on one crimp tube and slide it down 2 inches from the tail. Thread the wire through one loop of the magnetic clasp and back through the crimp tube. Pull snug and crimp the crimp tube. Add a crimp cover.
3. Now string on beads in this order: one bead cap, one pearl and one bead cap. Repeat this pattern 13 more times.
4. On to the end, string on one crimp tube. Thread the wire through one loop of the magnetic clasp and back through the crimp tube. Pull snug and crimp the crimp tube. Add a crimp cover.
5. All done!
