SKU: SWF-43000

Project uses 1 piece

E6000 Industrial Strength Glue Adhesive (0.18 fl oz)

SKU: XTL-1054

Project uses 1 piece

### Recommended Tools:

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

### Instructions

You will also need a scrap of wire or a toothpick for this project.

1. Begin by using your flush cutters to cut off a length of cup chain 6 crystals long.
2. Using a toothpick or a scrap of wire, add a strip of E6000 into the long rectangular channel of the bangle. Place the length of cup chain into the bezel. Move it around so that the cups are evenly spaced.
3. Place a dab of E6000 into the circle bezel and place a single rhinestone into the bezel. The stone will sit high in the bezel so please make sure that you are using a good size dab of glue.
4. Allow to dry overnight before wearing.
5. All done!
