Instructions

1. Please watch our video: How to Do Flat Odd-Count Peyote Stitch. In this video you will see how to start odd count peyote. Follow along with the pattern image to begin and please refer to the photo as well.
2. Note that as you work you will need to tie off and add new thread.
3. This is a continuous pattern, so weave as long as you need, making sure to end with a row of up beads. The clasp will add half an inch to your overall length. To attach the clasp, please watch our video: How to Attach a Vertical Loop Multi-Strand Clasp to Peyote Bead Weaving. Once you attach both sides of your clasp and tie off your threads, you're all done.
