Instructions

This double wrap bracelet measures approximately 7 inches twice around the wrist. To modify the length, simply adjust the length of cord and beads

respectively.

1. Begin by adding the crystals to the eyes of the skull beads. To do this, add a dab of GS Hypo Cement into the sockets and use the magic pick to place a chitin into the eye. Repeat for all 47 skull beads or as many as you will be using. Allow them to dry for a few hours before working with and at least overnight before wearing to make sure the bond is strong.
2. Please watch our video: How to Use the Wrap It Loom Professional Series Duo. In this video, you will learn how to setup the loom. String the button down to the center of the leather cord and tie an overhand knot.
3. Move about 16 inches down the leather and tie another overhand knot. Then move about 3/4 of an inch down (enough to accommodate the button) and tie another overhand knot.
4. Place the leather into the loom as seen in the video.
5. Take the griffin silk off the cards and set them up as seen in the video. Once your silk and cords are set, we can begin adding beads.
6. The pattern for this bracelet is (one bead at a time) 5 skull beads, 1 rose, 1 skull and 1 rose. Add this pattern 7 times and then end with 5 more skull beads.
7. Finish off the loom as seen in the video. Add a dab of GS Hypo Cement to the griffin silk knots.
