SKU: XCR-1280

Project uses 1 Spool

Recommended Tools:

[XTL-3006] BeadSmith English Beading Needles Size 12 (4 Needles), [XTL-0117] BeadSmith

Ultra Thread Zap, Battery Operated Thread Trimmer, 1 Piece

Instructions

This bracelet pattern is designed to be infinite. Simple weave your desired length and add the clasp. Note that the clasp adds about 1/2" to the over all

length.

1. Please watch our video: How to Flat Even-Count Peyote Stitch. From what you learned in the video cut off a length of thread you are comfortable working with. As you work you will have to tie off and add new thread.
2. Begin by following the pattern. What you have is a small portion of the pattern. It is a geometric repetitive pattern. So simply weave your desired length.
3. Once you have your desired length, please watch our video: How to Attach Tube Clasps to Peyote. Repeat this process on the other side. Tie off and weave in all thread tails.
