Genuine Leather Cord, Round 1.5mm, By the Yard, Black

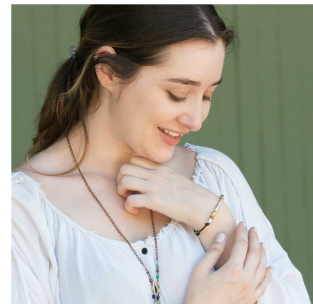

SKU: CHY-1502

Project uses 20 Inches

Recommended Tools:

[XTL-5700] Fiskars 5 Precision Tip Scissors - Super Sharp

Instructions

This is an adjustable bracelet. Size it so that it is big enough to fit over the hand then use the sliding knots to adjust the size.

1. Cut off a piece of leather 20 inches in length. Move 8 inches in from one end and tie an overhand knot.
2. String on the beads in the following order: 1 rounded oval silver bead, 1 copper spacer bead, 1 rounded oval gold bead, 1 silver long bead, 1 rounded oval gold bead, 1 copper spacer bead, and 1 rounded oval silver bead. Tie another overhand knot.
3. Please watch our video: How to Make a Bracelet with Slide Knots. Make the sliding knots as seen in this video. Before trimming the leather string on 1 gold spacer bead and tie an overhand knot. Trim the leather to a quarter inch. Repeat on the other side.
