Instructions

You will also need a scrap of 22 gauge or thinner wire for this project.

1. This loom bracelet uses the Ricks Beading Loom. This loom allows you to use the Miyuki Slide Ends. Please watch our video: How to Use the Ricks Beading Loom. Set up your loom as seen in the video. Set the two bars 5.5 inches apart to accommodate the pattern.
2. Please see our Printer Friendly PDF for Full Color Beading Pattern and begin adding beads. Complete the pattern and remove the piece from the loom as shown in the video. Tie off and weave in all tails.
3. Attach the Miyuki Slide Ends to both sides of the loom piece.
4. Cut four lengths of chain, 2 inches each. Adjust the lengths of chain for size to allow it to slip over the wrist easily. Using jump rings attach all four lengths of chain, one to each of the loops of the slide ends.
5. Next thread the chains through the slider clasps using a scrap of wire as seen in this video.
6. Attach one Swarovski Crystal channel charm to each end of each chain with jump rings.
