

# Tivali Bracelet

## Project B2419

*Kat Silvia*

A nod to the Egyptian cats, this bracelet is a sparkling blue and silver design with oval beads adorned with the outline of a classic cat silhouette.

SKU: XCR-5193

Project uses 12 Inches

Silver Plated Closed Jump Rings 6mm 20 Gauge (20)

SKU: FJR-5418

Project uses 1 piece

**Recommended Tools:**

[XTL-5600] Sharp Flush Cutter Pliers - For Cutting Beading Wire, 1 Piece, [XTL-5608] Xuron 4 In 1 Crimping Pliers - Works On 1, 2 And 3mm Crimps!, [XTL-3000] Bead Stopper- Stop Beads Sliding Off Stringing Material

**Instructions**

This design measures approximately 7.5 inches. To modify the length, simply add or subtract the number of beads strung respectively.

1. Cut off 12 inches of beading wire and place a bead stopper at one end.
2. String on the beads in the following order: one silver fire polished, one matte crystal spacer, one blue spacer, one silver fire polished, one blue spacer, one matte crystal spacer, one silver fire polished and one cat bead. Repeat two more times. Then string: one silver fire polished, one matte crystal spacer, one blue spacer, one silver fire polished, one blue spacer, one matte crystal spacer, and one silver fire polished.
3. Next string on one crimp tube and thread the wire up and over the wire protector. Before threading the wire back through the crimp tube, slide on one lobster clasp so it sits in the wire protector. Thread the wire through the crimp tube and a few adjacent beads. Then crimp the tube with your crimping pliers. Add a crimp cover and trim the excess wire.
4. Remove the bead stopper and repeat the above step on the other side of the bracelet. On this side you will add one closed jump ring where you added the lobster clasp on the first side.

NOTE:By purchasing the full supplies to make this exact design you will be able to make two bracelets!
