## Instructions

This bangle uses 2.5 inch diameter memory wire. You can adjust the size by choosing a different size of memory wire or by adding additional cork cord to create more wraps around the wrist. Please note that the cork is cut to order by the inch. You will also need a toothpick or scrap of wire for this project.

1. To see how to make this design, please watch our video: [How to Make a Memory Wire Bangle with Braided Cork Cord](#). In this video you will see how to string the memory wire through the cord, how to add the end caps and how to embellish this design with wrapped wire loops.

Note: For helpful sizing tips please watch our video: [How to Choose the Right Size of Round Memory Wire for Your Design](#).
