Instructions

This design measures approximately 6.25 inches. To modify the length, simply adjust the length woven.

1. If you are unfamiliar with Odd-Count Peyote please watch our video: How to Flat Odd-Count Peyote Stitch. From what you have learned in the video, you will follow along with the pattern. Please see our Free Printable PDF.
2. Because this project begins with adding in the Stitch-in Connector, we recommend watching: How to Finish Peyote Bead Weaving with a Stitch-in Connector and Button Closure.
3. Once you have your Stitch-in Connector into the bead weaving, simply follow along with the pattern. You can repeat the pattern for a longer length if you wish. Once you have reached your desired length, you will finish it off as seen in the previous video.

*Please note if you would like a much longer bracelet you may need to purchase additional tubes of beads.
